

Transportation and Land Use Task Force
Meeting One
Breakout Group Discussion

Part One

Please select the 4 Key Issues on which the Transportation and Land Use Task Force will focus.

**The following 5 Key Issues were identified by the Leadership Team. You may combine them to form 4, and/or you may address any other Key Issue you feel needs to be included. The total proposed by the group should be 4. **

1. Interregional Connectivity
2. Integration of Transportation and Land Use with Natural Resource Planning
3. Creation of Multimodal Transportation System to Move Goods and People
4. Combining Transportation and Land Use to Support Economic Development
5. Creation of Sustainable Communities, Existing and New

Part Two

On the space provided below, as a group, list any other stakeholders - individuals or entities (government agencies, private sector, etc.) - you feel should be invited to participate in the Transportation and Land Use Task Force.
